2. The meeting [REDACTED] was arranged [REDACTED] for the purpose of relating to [REDACTED] the need, and the request for, NPIC to acquire from GSA certain space on the first floor [REDACTED] currently being utilized by the GSA shops [REDACTED] NPIC required this space of some 3,000 sq. ft. in order to accomodate a large sensitive and sophisticated piece of equipment due to arrive [REDACTED] at the end of fiscal year 1969. Due to its weight and utility requirements it had been determined by us that the space in question was the most suitable and least costly area in the Building to locate this instrument. It was further explained [REDACTED] that in our opinion the GSA shop space was not being utilized efficiently and that [REDACTED] could be serviced by the central shop located in the Navy Yard [REDACTED] [REDACTED] seemed to accept our need for this area but was non-committal at the time to make a decision one way or the other for releasing this space to us. However, he said that he would take this matter up immediately and possibly the first of next week (week of 27 May) that either he or one of his people would visit [REDACTED] to view the space in question. This we thought was reasonable and wholeheartedly invited him to visit us.

DIRECTOR			<p>1 and 2</p> <p>Attached is a Memo for the Record of our meeting with the Chief, Building Operations, GSA. Although I cannot be certain of the outcome, we were well-received at GSA and I feel that our proposal was favorably received. We should know of their decision within another week.</p> <p>Office of Logistics has been most helpful in this matter and a Memo for the Record prepared by OL is in full support of our position.</p> <p>[redacted] OL ably argued our case at GSA.</p> <p>A meeting [redacted] was deferred by him, but I did have a talk with him on the phone and he is fully aware of our need and has assigned his best troops to the task of assisting us in this matter.</p>
